

The future of smarter operations is here

Accelerate your professional development and unlock immediate results for your organization through 50+ collaborative and educational sessions

High-Impact Value

01

Thought Leadership

Bring your organization the latest insights from physical operations experts and innovators.

02

Hands-on Learning

Sharpen your skills with the latest Samsara tech and share your feedback with our team.

03

Industry Networking

Engage with peers and partners while tapping into the largest community in Connected Operations™.

“Samsara Beyond was fantastic. Meeting with other municipal fleet leaders was a great way to discuss common problems. And the Samsara team was receptive to our ideas for future products.

Richard Devesty

Director of Fleet Operations, City of Syracuse

“The first conversation I had was worth the price of admission. The knowledge shared, the trial and error, from someone in the same environment is so valuable.

Michael McDonald

VP, Compliance & Risk, Axion Logistics
