Questions? samsara.com/support

1 Locate vehicle's diagnostic port and detach it from its original location.

2 Connect the Samsara Cable. Vehicle's diagnostics remain accessible via the unconnected port.

3 Fasten unconnected diagnostics port to vehicle's original port location.

4 Plug the Samsara Cable gateway connector into the Gateway. It will click when fully inserted.

5 Verify the Gateway indicator light turns green. This could take 1-3 minutes.

6 Fasten connected Gateway in a secure position behind the dashboard using zip ties.
